LA CAPITALE DEL DIVERTIMENTO

**HOW TO ENJOY THE PARK WITH  
YOUR DOG**

## READY, STEADY, BARK!

We are happy to welcome your 4-legged friend to the Park in all the outdoor show areas. For your dog's sake and for safety reasons in general, in fact, he cannot access attractions and indoor show areas. To take care of your well-being, we remind you to equip yourself with hygienic bags, shovel and water. It is mandatory to keep your dog on a leash and, if it falls into the list below, a muzzle will also be required.

## A LITTLE RULES, A LOT OF FUN TOGETHER

Before entering:

- Your 4-legged friend can access the entire park for free, subject to acknowledgment to be made at the Info Point.
- At the Info Point you will receive the identification label, essential for accessing the Park.
- If your dog falls into the list of breeds shown below, you will also need to have a muzzle. Don't have one? No problem, you can rent it at the Park's Info Point. To obtain it, you will need to leave an ID you will be returned upon

leaving the park.

- To access the park it is also necessary to be equipped with a shovel and hygienic bags. If you do not have them, you can buy them at the Info Point.
- It is not allowed to introduce more than one dog per companion in the Park.
- Some shows that are held during the year may not be to your dog's liking. Check the events calendar before visiting us. In the Park:
- During your visit to the Park it will be your care to collect your 4-legged friend's waste. Failure to comply with this prescription may result in leaving the park.
- It is not allowed to leave the dog unattended at any time. Regardless of breed and size, your dog must always be accompanied and kept on a leash. We remind you that the maximum size of the leash, as established by the Ministry of Health, is 1 meter and a half.
- Your dog is not allowed to indoor attractions and shows: don't forget that when planning your visit.
